ADOPT-A-ROOM

Greetings!

In an effort to elevate the pride that we all take in our church property, a new program called “adopt-a-room” is being introduced. We are hopeful that this program allows us to move beyond just making emergency repairs in the church but rather allows us to make needed improvements such as paint, cabinetry, chairs, tables, etc. It allows you, the parishioners, to become more involved in the life of the church by making you aware of the need and allowing us all to do these things outside the church operating budget.

The property committee is promoting this program. Based upon room assessments, you or your group can choose to pay for designated item(s) and may elect to actually perform the needed work though this is not mandatory. The property committee has a complete list of projects for adoption. Consider dedicating your donation to the honor or memory of a loved one...or celebrate a birthday or anniversary. Your donation and time will help us restore church-wide pride and allow us to update and repair our building. Individuals, families, committees, and Bible Study groups are all invited to participate.

Our Overall Goals:

- To get the entire church involved in improving the facility and property.
- To improve the overall appearance of the church.
- To address limited financial resources.
- To improve communications for needed/desired work.

Please see the list (right) for considered areas and items and see a property committee member to discuss your area of interest. Your donation will be aptly recorded on your giving statement for your respective church. These donations do not impact your pledge.

Sincerely,

The Property Committee
